

Sailing Race Manager Review

Thank you for taking the time to review Sailing Race Manager.

Sailing Race Manager is an online application designed to help manage and score dingy races at sailing clubs, using the Portsmouth Yardstick handicap system.

You can access the application by clicking on the following link:

<http://srm-dev.eu-west-2.elasticbeanstalk.com/>

The survey will guide you through the application and ask you a few simple questions on what you think of it. The whole process should not take too long.

By participating in this survey, you are consenting to have your responses recorded anonymously, and used in my Dissertation for a Bachelors degree in computing science at the University of Glasgow.

If you have any questions, or wish to withdraw your consent at any time, feel free to email me, Hamish Philip, at the following address:

[REDACTED]

Some of the functionality, such as changing the admin password, and deleting whole series, have been disabled for the purpose of this review, but do exist in the real system.

Please note signing into google is **not required** to complete the survey.

I thank you again for responding.

Please open up the application with the link above, and click next to continue

2	Jenny	19m 32s	2
3	Timmy	23m 8s	3

Past Series

• [2021](#)

The page shows the Leader Boards for all the current Series, a series being a series of sailing races.

As you can see, currently Bill is winning the 2022 Series, and Jimmy is winning the 2022 Kids series.

You can sort the participants by any column, by **double-clicking** on the column headers.

The table also shows the corrected time that each sailor took in each race.

If you want to view the results about the individual races, simply click the "view races" button beside each Series

If you want to review the results of old Series that have finished, they are listed at the bottom of the page.

Questions

Please have a play around with this part of the application, and answer the questions below.

Please rate how clear and usable this section of the application is on a scale of 1-5, with 1 being unusable, and 5 being very clear and usable. *

[Update Leaderboard](#)

Here you can add races and sailors to the Series, and edit their details.

At the top of the page, you can change some options for the entire series, such as penalty scores, and the discount ratio.

Discount ratio discounts some of the sailor's lowest scores from the total. For example, a ratio of 5:2 means for every 5 races, discount the 2 races with the worst score for each sailor.

You can edit any item in the tables by **double-clicking** on it. You can delete a sailor or a series by clicking on the "X" in each row.

Only races that are marked as completed are counted in score calculations.

Click the "update leader board" button to see your changes updated in the Leader Board.

Questions

Please try adding a new race, changing the date, or entering a new sailing into the series, and answer the questions below

Please note that any changes you make may be seen by others.

Please rate how clear and usable this section of the application is on a scale of 1-5, with 1 being unusable, and 5 being very clear and usable. *

Race Management

Next, please click the edit races button "" on any of the races. You should be greeted with a page like the following:

[Admin Homepage](#) [Back to series editor](#) [Logout](#)

Race Editor: First

Entries

	Sailor	Boat		Minutes	Seconds	Handicap	Did not finish	Shore officer	Corrected Time
1	Jim	420	▼	20	0	1100	<input type="checkbox"/>	<input checked="" type="checkbox"/>	18m 10s
2	Jane	2000	▼	23	0	1114	<input type="checkbox"/>	<input type="checkbox"/>	20m 38s
3	Bill	420	▼	19	0	1100	<input type="checkbox"/>	<input type="checkbox"/>	17m 16s
4	Bob	505	▼	15	0	900	<input type="checkbox"/>	<input type="checkbox"/>	16m 40s
5	Amanda	ALTO	▼	22	0	921	<input type="checkbox"/>	<input type="checkbox"/>	23m 53s

This is the most important section of the application, where you can enter the results for a race.

The Entries in this table are created automatically from the sailors and series in the previous section.

As before, **double-click** on an item to edit it.

You can enter the raw time the sailor took to complete the race in minutes and seconds, and the "corrected time" column will be updated with the time that has been corrected with the Portsmouth Yardstick handicap number of the selected boat, which is shown in the handicap column.

Try editing some of the values, or enter some values for the new sailors you may have added in the previous section, and answer the questions below.

Thank you

Thank you for completing this survey. Your feedback will be very helpful in developing this application, and in my Dissertation.

As a side note, you can view and edit the handicap numbers if you go back to the admin homepage, and click the "edit handicaps" button at the bottom of the page. Feel free to have a look at that before you finish.

If you wish to withdraw your responses at any time, or have any questions, please email me, Hamish Philip, at the address below:
